To Whom It May Concern:

The RMO Agency, LLC. helped me immensely with my application for a corporate construction license. The license application process was made easy by the agency's help and support, and the license was issued even before I was ready with other aspects of the business. I am 100% satisfied with the services the RMO Agency team provided, with the excellent customer service and knowledge in the business. I call the RMO Agency for questions regarding the RMO service as well as more general questions, and they always provide me with answers or refer me to another individual who can help.

I truly recommend working with the RMO Agency, LLC.

Sincerely,

Udi Levy
